Nudge Catalog

NEW PRODUCT YEAR 2026

Your Assistant in Assistive Tech.

At Nudge, we supply a range of assistive tech designed to empower people with disabilities to live unrestricted lives. Our product range features Tuki's reliable shower commodes, the LapStacker, and the Kera Sit2Sit hoist—proudly designed in Aotearoa New Zealand. Each product is chosen for its focus on independence, simplicity, and real-life functionality. Reach out for information on a range of sports wheelchairs and handcycles too. We're dedicated to making assistive technology seamless, so people can focus on living—not the equipment.

Kera Sit2Sit - Home

The Kera Home is a sit2sit™ hoist which allows a single caregiver to effortlessly hoist people, with no weight bearing ability and without the difficulty of fitting a sling.

Scan QR code below to watch a video

Key Features:

- Designed and made in New Zealand
- Transfers non-weight-bearing users with no standing strength, sitting balance, or ability to hold on
- Requires only one caregiver – no need for extra hands or manual repositioning
- No sling needed – saves time and reduces effort
- Transfer time under 2 minutes
- Upper body support with easy-to-fit chest and back strap
- Ideal for Tetraplegia, Double Leg Amputees, Stroke, MS, and Parkinson's
- Replaces sit-to-stand and sling hoists
- Allows access to clothing during transfer – reduces total number of transfers
- Reduces injury risk and manual handling for caregivers
- Achieves a perfect seated position in wheelchair, commode, or day chair

Kera Sit2Sit - Travel

The Kera Travel is one of the lightest, most portable hoist available. It is a sit2sit™ hoist designed specifically for people with limited or no mobility,

Scan QR code below to watch a video

Key Features:
